There is inordinate delay in rendering financial advice by IP&T&FS officers in Department of Telecom especially with respect to the proposals pertaining to ITS officers. Further, the proposals sent by Nodal Wings are kept aside and fresh proposals are moved by finance branch on their own to obtain the approval of competent authority and the final approval is conveyed by the Finance Branch to the Nodal wing. As a result, most of the time, the actual proposals initiated by the Nodal wing are distorted at the time of approval.
