

## **Public Awareness/Education in respect of frauds related to installation of mobile tower:**

**A brief about fraud:** Some fraudster companies/agencies/individuals cheat general public by promising them hefty monthly rental payment on granting permission for erecting mobile tower in their private properties and ask them to deposit money in their personal/companies account as security deposit/application fee/registration charges/stamp duty/government tax under Telecom Act/clearing of the advanced payment etc. in lieu of leasing/renting the premises of individuals for installation of Mobile Tower or for any other purpose. After collecting the money these companies/individuals/agencies become unreachable/untraceable. These companies at times issue fake "No Objection Certificate" for installation of tower in the name of fictitious companies or in the name of different government organizations/departments.
