8. According to the plaintiffs' counsel, these infringing domains/websites are carrying and disseminating content, consisting of plaintiffs' copyrighted works, without any licence or authorization.

9. An illustrative list of plaintiffs' works unauthorisedly made available by defendant nos.1-26 is tabulated by plaintiffs; list is extracted as under:

Studio	Film	Year

Universal	F9: The Fast Saga	2021

Disney	Encanto	2021

10. Legal notices were sent to these infringing domains/websites operated by defendants to take down infringing content, however, none of them, except defendant nos. 13-14, have responded to said legal notices.

11. Defendant no. 13 stated in an email dated 10th May, 2024 that they “...have removed the requested content”, while an email by Domain Name

Registrar [*'DNR'*] of defendant no. 14 stated that the domain name arrayed as defendant no. 14 "*has been suspended*".

12. Plaintiffs *inter alia* rely on numerous previous orders of this Court which have protected content owners from piracy through infringing websites; some of them being as under:

- a. *UTV Software Communication Ltd. & Ors. v. 1337x & Ors.*, 2019:DHC:2047;
- b. *Universal City Studios LLC. & Ors. v. dotmovies.baby & Ors.*, 2023:DHC:5842;
- c. *UTV Software Communications Ltd. & Ors. v. bmovies.is & Ors.*, CS(COMM) 768/2018, Order dated 04th April, 2018;
- d. *Warner Bros. Entertainment Inc. v. https:hindilinks4u.to & Ors.*, 2022:DHC:3530;
- e. *Warner Bros. Entertainment Inc. v. https://tamilrockers.ws & Ors.*, 2022:DHC:4171.

13. In light of these facts and circumstances, the plaintiffs advert to the guidelines enunciated in *UTV Software Communication (supra)* of parameters to determine if such websites were rogue websites, and applicable to facts in this case:

- i. It is evident from the overall content available on the infringing websites, of which screenshots have been place on record, that the primary purpose is to commit or facilitate copyright infringement;
- ii. The flagrancy of the infringement and the facilitation thereof, is evident from the messages on the some of these infringing websites;

- iii. As noted above, there has been silence and inaction by infringing websites after legal notices were sent, except from defendant nos. 13 and 14, as already noted above;
- iv. The infringing websites clearly make available indexes to the content to which the plaintiffs claim copyright;
- v. These websites are updating on a day-to-day basis and providing latest content of the plaintiffs.

14. Defendant nos. 27 to 35 are various Internet Service Providers [*ISPs*] available domestically in India who provide access to internet in India. They control access to internet and are in a position to ensure that access to these infringing websites is not available.

15. Defendant no. 36 is DoT, while defendant no. 37 is MeitY, which represents the Government and are the overall regulators of the internet environment in the country. They have been called upon for the purpose of ensuring that the ISPs are in compliance with any directions which may be passed by this Court.

16. Defendant no. 38 has been arrayed as “*Ashok Kumar*” which is a generic name to include all those who, in the future, may be discovered as using the plaintiffs’ content.

17. In light of these circumstances, this Court is of the view that plaintiffs have made out a *prima facie* case for grant of an *ex-parte ad interim injunction* as also a **dynamic injunction**. Balance of convenience lies in favour of plaintiffs as irreparable loss would be caused if the same is not granted.

18. Accordingly, till the next date of hearing the following directions are issued:

- a. Defendant nos.1 to 26 including their owners, partners, proprietors, officers, servants, affiliates, employees, and all others in capacity of principal or agent acting for and on its behalf, or anyone claiming through, by or under it, are restrained from in any manner communicating to the public, hosting, storing, reproducing, streaming, broadcasting, re-broadcasting, causing to be seen or heard by public on payment of charge and/or making available for viewing plaintiffs' content through their websites including those listed as under:

- b. The DNRs of the infringing websites, upon being intimated by the plaintiffs, shall lock and suspend the said domain names. In addition, any details relating to the registrants of the said domain names including

KYC, credit card, mode of payment, mobile number, etc. be also provided to the plaintiffs.

- c. Defendant nos. 27 to 35 (ISPs) are directed to block access to these infringing websites tabulated above, within 48 hours of receipt of this order.
- d. Defendant nos. 36 and 37 (DoT and MeitY) shall take steps to ensure that ISPs comply with the directions issued above, through appropriate communications and notices sent to the said ISPs, including other ISPs which are registered with them.
- e. To keep up with the hydra-headed nature of the infringement actions of such infringing domains/websites, this Court finds it fit to grant a '**Dynamic+ injunction**' to protect copyrighted works as soon as they are created, to ensure that no irreparable loss is caused to the owners of copyrighted works, as there is an imminent possibility of works being uploaded on infringing websites or their newer versions immediately thereafter. Plaintiffs are permitted to implead any mirror/redirect/alphanumeric variations of the websites identified in the suit as defendants nos. 1 to 26, including those websites which are associated with them, either based on the name, branding, identity or even source of content, by filing an application for impleadment under Order I Rule 10, CPC in the event such websites merely provide new means of accessing the same primary infringing websites that have been enjoined.
- f. Plaintiffs will be at liberty to also file such an appropriate application seeking protection *qua* their copyrighted works, including future works, if the need so arises. Upon filing such applications along with an

affidavit with sufficient supporting evidence seeking extension of the injunction to such websites, which be listed before the Joint Registrar, the injunction shall become operational against the said websites and *qua* such works. If there is any work in respect of which there is any dispute as to ownership of copyright, an application may be moved by the affected party before the Court, to seek clarification regarding the same.

19. In view of the same, upon filing of process fee, issue notice on steps taken by plaintiff by all permissible modes including email.
20. List on 12th September, 2024
21. Reply be filed within eight weeks with advance copy to counsel for plaintiffs, who may file rejoinder thereto, if any, before the next date of hearing.
22. Compliance of Order XXXIX Rule 3, CPC be effected within a week.
23. *Dasti.*
24. Order be uploaded on the website of this Court.

Annexure

Subject: Action requested to be taken by MEITY and Plaintiff for effective removal of content for viewing by public at large within India as per the said orders of Hon'ble Court.

It is observed that a number of orders of Hon'ble Court are issued for blocking of websites every month. There are around more than 2700 ISPs in India and these ISPs are connected among themselves in a mesh network. DOT is instructing each of the ISPs through emails/through its website for blocking of the websites as ordered by the Hon'ble Courts. Ensuring compliance of the orders by each of the ISPs is a time-consuming and complex task especially in view of multiplicity of orders of Hon'ble Courts, multiplicity of websites to be blocked and multiplicity of ISPs.

2. Allocation of Business Rules inter-alia states thus:-

'Policy matters relating to information technology; Electronics; and Internet (all matters other than licensing of Internet Service Provider).'

3. In view of above and in order to ensure effective removal by content for viewing by public at large, the plaintiff is requested to do a trace route of the web server hosting the said website. In case the web server happens to be in India, the plaintiff may inform the same to Meity who may direct the owner of such web server to stop transmission of content as per IT Act and as directed by the Hon'ble Court so that the content would be blocked from the source itself and the exercise of blocking by 2700 ISPs would not be required.

4. In case such server is located abroad i.e. outside India then access to such URL/website can be blocked through the international internet gateways which are much less in number. This would result in timely and effectively removal of undesirable content for viewing by public at large as is the requirement as per the orders of Hon'ble Court.
