Subject : Service providers to tie up with local ITIs and provide training to students as per their own needs

This has reference to Points of Infrastructure Projects Review (e-samikhya) wherein it was decided that service providers would tie up with local ITIs and provide trainings as per their own needs.

Your attention is also invited to AS cell letter no. 800-17/2015-AS-1 dated 10.09.2015 (copy enclosed) wherein similar request has been made to you.

It is deeply regretted that no meaningful progress has been made in this direction and except from SSTL no report has so far been received in this office. You are therefore once again requested to look into the matter and submit the status report on the issue at the earliest.

You are also requested to continue to submit your status reports on tie up with local ITIs and provide trainings as per your own needs on monthly basis.

23.11.2016.
