- 2.20.4 The financial evaluation shall be done to determine lowest bidder (L-1 vendor) on the basis of total cost of tendered items (goods and services). Result of financial evaluation would be uploaded online on CPP Portal within 15 days from the date of opening of financial bid.
- 2.20.5 The Purchaser may ask the bidder to correct any minor infirmity or non-conformity or irregularity in a bid which does not constitute a material deviation before opening of Financial Bid, provided such waiver does not prejudice or affect the relative ranking interests of any other bidder and also the financial bid of the bidder is not changed.
- 2.20.6 The cost component towards maintenance of the goods for specified number of years is also to be added in the evaluated tender value on overall basis to decide the inter se ranking of the responsive tenders. Equipment with a lower quoted price may carry a higher maintenance liability. So, the total cost on purchase and maintenance of the equipment over the period of the maintenance contract will be assessed to consider its suitability for purchase. While evaluating the tender for annual maintenance of goods, the quoted prices pertaining to maintenance in future years will be discounted (as per DCF technique) to the net present value as appropriate for comparing the tenders on an equitable basis and deciding the lowest evaluated responsive tender.

Copies of such amendment/modification shall be simultaneously sent to all the selected suppliers by e-mail. When the amendment/modification changes the requirement significantly and/or when there is not much time left for the bidders to respond to such amendments, and prepare revised tender, the time and date of submission of tenders are also to be extended

suitably, along with suitable changes in the corresponding time-frames for receipt of tender, tender validity period etc., and validity period of the corresponding EMD/bid security.
