No.800-25/2010-VAS/45

Dated: 13th July, 2011

AMENDMENT 2 OF 2011

Subject: Amendment to the Cellular Mobile Telephone Service (CMTS) Licence agreement.

In exercise of the power vested in the Licensor under clause 5.1 of Cellular Mobile Telephone Service (CMTS) Licence Agreement issued in year 2001 and thereafter, clause 13 (ii) of CMTS License Agreement for Metro Service Area issued prior to 2001 and clause 14 (ii) of CMTS Service License Agreement for Telecom Circle Service Area issued prior to 2001, inter-alia, reserving the right to modify at any time the terms and conditions of the LICENCE, in public interest, security of the nation or proper conduct of the SERVICE, the Licensor hereby amends, with immediate effect, the following clause(s) of the said Licence, namely:-

Clause No.	Existing Clause	Amended Clause
5.9 of the Security conditions of CMTS License Agreements issued prior to 2001, and clause 44.9 of the CMTS License Agreement issues in 2001 and thereafter including to BSNL and MTNL	The designated person of the Central/State Government as conveyed to the Licensor from time to time in addition to the Licensor or its nominee shall have the right to monitor the telecommunication traffic in every MSC or any other technically feasible point in the network set up by the licensee. The Licensee should make arrangement for monitoring simultaneous calls by Government security agencies. The hardware at licensee's end and software required for monitoring of calls shall be engineered, provided/installed and maintained by the Licensee at licensee's cost. However, the respective	The designated person of the Central/ State Government as conveyed to the Licensor from time to time in addition to the Licensor or its nominee shall have the right to monitor the telecommunication traffic in every MSC/ Exchange/MGC/MG or any other technically feasible point in the network set up by the LICENSEE. The LICENSEE should make arrangement for monitoring simultaneous calls by Government security agencies. The hardware at LICENSEE's end and software required for monitoring of calls shall be engineered, provided/installed and maintained by the LICENSEE at LICENSEE's cost. However, the respective Government instrumentality shall bear the cost of user end hardware and leased line circuits from the MSC/

Jessy

<p>Government instrumentality shall bear the cost of user end hardware and leased line circuits from the MSC to the monitoring centres to be located as per their choice in their premises or in the premises of the licensee. In case the security agencies intend to locate the equipment at licensee's premises for facilitating monitoring, the licensee should extend all support in this regard including Space and Entry of the authorised security personnel. The Interface requirements as well as features and facilities as defined by the Licensor should be implemented by the licensee for both data and speech. The Licensee should ensure suitable redundancy in the complete chain of Monitoring equipment for trouble free operations of monitoring of at least 210 simultaneous calls."</p> <p>Along with the monitored call following records should be made available:</p> <ul style="list-style-type: none"> (i) Called/calling party mobile/PSTN numbers. (ii) Time/date and duration of interception. (iii) Location of target subscribers. For the present, Cell ID should be provided for location of the target subscriber. However, Licensor may issue directions from time to time on the precision of location, based on technological developments and integration of Global Positioning System (GPS) 	<p>Exchange/MGC/MG to the monitoring centres to be located as per their choice in their premises or in the premises of the LICENSEE. In case the security agencies intend to locate the equipment at LICENSEE's premises for facilitating monitoring, the LICENSEE should extend all support in this regard including Space and Entry of the authorized security personnel. The Interface requirements as well as features and facilities as defined by the Licensor should be implemented by the LICENSEE for both data and speech. Presently, the LICENSEE should ensure suitable redundancy in the complete chain of Monitoring equipment for trouble free operations of monitoring of at least 480 simultaneous calls as per requirement with at least 30 simultaneous calls for each of the designated security/law enforcement agencies. Each MSC of the Licensee in the service area shall have the capacity for provisioning of at least 3000 numbers for monitoring. Presently there are nine (9) designated security/law enforcement agencies. The above capacity provisions and no. of designated security/law enforcement agencies may be amended by the Licensor separately by issuing instructions at any time.</p> <p>Along with the monitored call following records should be made available:</p> <ul style="list-style-type: none"> (i) Called/calling party mobile/ PSTN numbers.
