21.7. The plaintiff, therefore, claim to have exclusive rights under Section 14(d) read with Section 17 of the Act.

21.8. Grievance of plaintiff is against defendant nos.1-23 who are hosting and operating the respective domain names/websites (*infringing domains/websites*) tabulated by plaintiff are extracted as under:-

S. No.	Website Names

<u>23</u>	<u>kurumbi.com</u>

21.9. Further, these infringing domains/ websites are carrying and disseminating content, consisting of plaintiff's copyrighted works, without any license or authorization. More than twenty of plaintiff's works are being unauthorisedly made available by defendant nos.1-23. Further, legal notices were sent to these infringing domains/ websites operated by defendants to take down infringing content. However, none of them have responded to the said legal notices.

21.10. The defendant nos.24 to 34 are various Domain Name Registrars (**DNRs**) through which defendant nos.1-23 websites are registered. They control access to these websites and are in a position to ensure that access to these infringing websites is not available.

21.11. Further, defendant nos.35 to 43 are various Internet Service Providers (**ISP**) available domestically in India who provide access to internet in India. They control access to internet and are in a position to ensure that access to these infringing websites is not available.

21.12. The defendant no.44 is DoT, while defendant no.45 is MEITY, which forms a part of the Government of India and are the overall regulators of the internet environment in the country. They have been called upon for the purpose of ensuring that the ISPs are in compliance

with any directions which may be passed by this Court.

21.13. The defendant no.46 is NIXI (*National Internet Exchange of India*) which regulates registration of ‘.in’ domains in India. Defendant no.46 is impleaded to block access to ‘.in’ domains.

21.14. The defendant no.47 has been arrayed as Ashok Kumar/ John Doe which is a generic name to include all those who, in the future, may be discovered to be using the plaintiff’s’ content.

22. This Court has heard the learned counsel for the plaintiff and perused the documents on record.

23. The sprouting of instances and ever growing mushrooming of “*hydra-headed*” DNRs/ websites for streaming, reproducing, distributing, making available to the public and/ or communicating to the public any copyrighted content without appropriate licensing, where ownership of copyright is undisputed, have been in existence since long. A learned Single Judge of this Court, while dealing with similar situation earlier in *UTV Software Communication Ltd. And Ors. vs. 1337X.to and Ors.*, 2019:DHC:2047 which were “... ..required to be considered for determining, whether the website complained of is a FIOL/ Rogue Website... ..” set out the broad parameters to deal such issues as under:-

- i. “*whether the primary purpose of the website is to commit or facilitate copyright infringement;*
- ii. *the flagrancy of the infringement, or the flagrancy of the facilitation of the infringement;*
- iii. *Whether the detail of the registrant is masked and no personal or traceable detail is available either of the Registrant or of the user.*
- iv. *Whether there is silence or inaction by such website after receipt of take down notices pertaining to copyright infringement.*
- v. *Whether the online location makes available or contains directories, indexes or categories of the means to infringe, or facilitate an infringement of, copyright;*
- vi. *Whether the owner or operator of the online location*

- demonstrates a disregard for copyright generally;*
- vii. Whether access to the online location has been disabled by orders from any court of another country or territory on the ground of or related to copyright infringement;*
  - viii. whether the website contains guides or instructions to circumvent measures, or any order of any court, that disables access to the website on the ground of or related to copyright infringement;*
  - ix. the volume of traffic at or frequency of access to the website; and*
  - x. Any other relevant matter.”*

24. The defendants cannot be allowed to enjoy what does not belong to them, despite being fully aware of that themselves. Doing so will give them a free run and will have a double deterrent as not only will the defendants earn profits with no investments at the expense of the plaintiff but they would also end up causing huge financial losses as also dent the invaluable image, repute and goodwill built by the plaintiff over the years.

25. As is evident from the vast volume of content available on its websites, the systematic, organised and intentional nature of the infringement, and the regularity and consistency with which content is updated/ uploaded on the websites, the defendants are in flagrant infringement/ facilitation of infringement. The defendants are also attempting to mask their websites' registration/ contact details which make it virtually impossible to locate the operators of most of the defendants' websites and extremely difficult to contact the operators of these websites to demand seizure of this infringing conduct.

26. Lastly, the defendants' general disregard for copyright is evident from the fact that the defendants websites tout that they provide content from third party websites which they are supposed to know, are not authorized to distribute copyright materials of the plaintiff or other rights holders, also from the fact that latest content of the plaintiff is regularly

and consistently made available on majority of the defendants' websites.

27. The plaintiff today is asking for a dynamic injunction, which recently has also been considered in order dated 02.05.2023 in an Interim Application (Lodging) No.10257 of 2023 titled "***Applause Entertainment Private Limited vs. Meta Platforms Inc. and others***" wherein the Bombay High Court, while dealing with clips of the audio-visual content of the webseries, copyright whereof were held by the plaintiff therein, has granted an *ex parte ad interim* injunction of the same nature.

28. Similarly, a learned Single Judge of this Court in ***Universal City Studios LLC. and Ors. vs. Dotmovies.baby and Ors.*** 2023:DHC:5842 has also recently, while considering similar issues, after noting the necessity and change, granted an *ex parte ad interim* injunction and held as under:-

*"20. ... .. To keep pace with the dynamic nature of the infringement that is undertaken by hydra-headed websites, this Court has deemed it appropriate to issue this 'Dynamic+ injunction' to protect copyrighted works as soon as they are created, to ensure that no irreparable loss is caused to the authors and owners of copyrighted works, as there is an imminent possibility of works being uploaded on rogue websites or their newer versions immediately upon the films/shows/series etc. The Plaintiffs are permitted to implead any mirror/redirect/alphanumeric variations of the websites identified in the suit as Defendants Nos. 1 to 16 including those websites which are associated with the Defendants Nos. 1 to 16, either based on the name, branding, identity or even source of content, by filing an application for impleadment under Order I Rule 10 CPC in the event such websites merely provide new means of accessing the same primary infringing websites that have been injuncted. ... .."*

29. For the afore-going reasons, especially as set out hereinabove as also the legal position qua grant of dynamic injunction in suits of the present nature, the plaintiff has been able to make out a *prima facie* case with the *balance of convenience* for grant of an *ad interim ex-parte*

injunction as also for dynamic injunction in their favour and against the defendants. In case the defendants are not restrained by way of an *ad interim ex-parte* injunction, there is a likelihood of the plaintiff suffering *irreparable harm, loss, injury and prejudice* which cannot be compensated for in terms of money.

30. Accordingly, keeping in mind the existing position of law as also since this Court has taken note of the changing times coupled with the changing technology to keep pace, till the next date of hearing:

1.1. The defendant nos.1 to 23, their owners, partners, officers, and all others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, are restrained from, in any manner, communicating, hosting, streaming, and/or making available for viewing and downloading, without authorization, on their websites, including those listed in **Annexure A** attached to this order, or other platforms, through the internet in any manner whatsoever, the plaintiff's works so as to infringe the plaintiff's exclusive rights and broadcast reproduction rights.

1.2. The defendant nos.24-34, its directors, partners, officers, affiliates, and all others in capacity of principal or agent acting for and, on their behalf, or anyone claiming through, by or under it, are directed to suspend the domain name registration of websites of the defendant nos.1-23. Specific Domain Name Registrars for each website, including those listed in **Annexure B** attached to this order

1.3. The defendant nos.24-34 and 46 are directed to disclose the following information of defendant nos.1-23 within a period of four weeks:-

- a) Complete details such as name, address, email address, phone number, IP address, etc.;
- b) Mode of payment along with payment details used for registration of domain name by the registrant(s);
- c) Details of other websites registered by the defendant nos.24-34 and 46 using similar details, credit card, payment gateway etc. (disclosed as per sub-clause (b) above) with the defendant nos.24 -34 and 46;
- d) Details of complaints received by the defendant nos.24-34 and 46 in the last six months against the defendant nos.1-23.

1.4. Defendant nos.44 and 45 are directed to issue a notification calling upon the various internet service providers registered under it to block access to the various websites, including those listed in **Annexure A** attached to this order within a period of four weeks.

1.5. Lastly, '**Dynamic+ injunction**' is granted to the plaintiff to protect their copyrighted works as soon as they are infringed/ created, in order to ensure no irreparable loss is caused to the owners of copyrighted works. Consequently, the plaintiff is permitted to implead any mirror/ redirect/ alphanumeric variations of the websites, as given in **Annexure A**, including those websites which are associated with them, either based on the name, branding, identity or even source of content, by making an appropriate application for impleadment.

31. Upon filing of process fee, issue notice to the defendants through all permissible modes including through email returnable before the Joint

Registrar on 18.12.2024.

32. Reply be filed within eight weeks with advance copy to counsel for plaintiff. Rejoinder thereto, if any, be filed on or before the next date of hearing.

33. The provisions of Order XXXIX Rule 3 CPC be complied within one week.

34. List before the Court on 27.01.2025.

## **Annexure**

Subject: Action requested to be taken by MEITY and Plaintiff for effective removal of content for viewing by public at large within India as per the said orders of Hon'ble Court.

It is observed that a number of orders of Hon'ble Court are issued for blocking of websites every month. There are around more than 2700 ISPs in India and these ISPs are connected among themselves in a mesh network. DOT is instructing each of the ISPs through emails/through its website for blocking of the websites as ordered by the Hon'ble Courts. Ensuring compliance of the orders by each of the ISPs is a time-consuming and complex task especially in view of multiplicity of orders of Hon'ble Courts, multiplicity of websites to be blocked and multiplicity of ISPs.

2. Allocation of Business Rules inter-alia states thus:-

*'Policy matters relating to information technology; Electronics; and Internet (all matters other than licensing of Internet Service Provider)'.*

3. In view of above and in order to ensure effective removal by content for viewing by public at large, the plaintiff is requested to do a trace route of the web server hosting the said website. In case the web server happens to be in India, the plaintiff may inform the same to Meity who may direct the owner of such web server to stop transmission of content as per IT Act and as directed by the Hon'ble Court so that the content would be blocked from the source itself and the exercise of blocking by 2700 ISPs would not be required.

4. In case such server is located abroad i.e. outside India then access to such URL/website can be blocked through the international internet gateways which are much less in number. This would result in timely and effectively removal of undesirable content for viewing by public at large as is the requirement as per the orders of Hon'ble Court.
