No.16-3/2017-AS-III/MSC/109/756
/08/2017

Dated : 22/08/2017

To,

1. All Access Service Provider
2. All NLDO's
3. MNP Zone-1 & MNP Zone-2

Subject: MSC Code series '9340' re-allocated to M/S RJIO FOR M.P. LSA after surrendering by M/s RCOM

This is in reference to MSC code series '9340' allocated for M/s RJIO for M.P. LSA which was surrendered by M/s RCOM (MSC code series '9340' was earlier allocated to M/s RCOM for Tamil Nadu LSA). Since there are approx. '500' active MSDN numbers of M/s RCOM which will continue to be served by M/s RCOM. These active MSISDNs served by RCOM will be subsequently handed over to RJIO as and when they are disconnected from RCOM network. To cater to this situation and enable porting of the MSISDNs in this series, following needs to be implemented:

MNP Zone-2 will define 9340 series prefix for RJIO – MP260 in the MNP database.

The active RCOM MSISDNs (approx. five hundred) will be defined for RCOM – TN181 as 10 digit prefixes.

MNP Zone-2 will provide a dump file (csv format) containing the RCOM MSISDNs and LRN details to the industry.

All Operators including MNOs, ILDOs need to define manually the same in their MNP gateway solution. Also, all the Operators including MNOs & ILDO shall define the MSISDNs between RCOM and RJIO in the 9340 number series based on the dump file provided by MNPSP. MNOs & ILDOs are expected to perform bulk synchronization in such cases where they see any LRN discrepancies post this activity.

The same conditions will be followed in the series '93040' surrendered by M/s RCOM allotted in BIHAR LSA and now re-allotted to M/s RJIL in Bihar LSA.

This is issued with the approval of Sr. DDG (AS).
