## P R E F A C E

**'Telecom Statistics of India' (TSI)** is an annual publication brought out by the Economic Research Unit of Department of Telecommunications, Ministry of Communications with the objective of providing consistent and comparable time series data on India's telecom sector and to serve as a ready source of reference to enable further analysis. This is the fourth publication of TSI.

The data has been compiled by ERU-STT Division from various sources including Telecom companies/association, TRAI, DGCI&S, PSUs like MTNL, BSNL etc. The international data/ tables have been sourced mainly from ITU data base. Reference may be made to the respective original sources, (which are duly cited), with regard to the accuracy, adequacy or completeness of the information. As past data undergoes revisions, the same may not always match with figures published in the previous issues.

The document has been prepared through the combined efforts of the Officers and Staff of the Economic Research Unit and Statistics Section under the guidance of Shri Amit Ray, Economic Adviser, DoT. Special efforts made by Shri Basant Kumar, Director, Shri Damodar Bawari, Deputy Director, Ms. Ritu Chauhan, Assistant Director, Shri Naval Kishore Dubey, Senior Statistical Officer and Shri Itish Jain, Junior Statistical Officer are commendable.

Suggestions and advice for further improvements are welcome and may be sent to basant.kumar@nic.in.

A handwritten signature in blue ink, reading "Ranjana Kale", is written over a horizontal line.
