IMPLEADMENT OF ADDITIONAL MIRROR, REDIRECTS, OR

THE MEMO OF PARTIES**

Heard.

The learned counsel for plaintiff has submitted that the Hon'ble Court was pleased to grant ex-parte ad-interim injunction in this suit against the defendants vide order dated 27.04.2019 and decree of permanent injunction vide order dated 08.09.2022 for infringement of its copyrights by the defendants with further directions that as and when plaintiff files an application under Order 1 Rule 10 for impleadment of such other websites

*Ajay Gulati*

which are violating the copyrights of the plaintiff, plaintiff shall file an affidavit confirming that the newly impleaded websites are mirror/redirect/alphanumeric websites of the defendants websites which have already been injuncted with sufficient supporting evidence and that the application shall be listed before the Joint Registrar, who on being satisfied with the material placed on record, shall issue directions to the ISPs to disable access in India in such mirror/redirect/alphanumeric websites.

It has been submitted that after passing of the abovesaid judgment, other websites, as disclosed in the application, have also started violating the plaintiff's copyrights. These websites are mirrors, redirects or alphanumeric variations of the websites blocked pursuant to the orders dated 24.07.2019 and decree of permanent Injunction dated 08.09.2022 and which are also necessary party to this suit. It is further stated that details of proposed defendants has been disclosed in Schedule-A annexed with application. It has been further submitted that even the decree of permanent injunction dated 08.09.2022 is also liable to be extended against them, and hence the application may be allowed.

I have heard the arguments and perused the record. The law to deal with such applications and extension of ex-parte adinterim injunction to newly added defendant has already been laid down in UTV Software Communication Ltd. & Ors. vs. 1337X.TO & Ors.

The plaintiff has filed affidavit of investigator along with sufficient material to prove that proposed defendants/websites are mirror/redirect/alphanumeric websites of the defendants already injuncted and which are also involved in violation of copyrights of plaintiff. Further, in para no. 27 of the judgment dated 08.09.2022 the Hon'ble Court has already directed as

*Pantati*

under :- “

*“In UTV Software (supra), the Court also examined the issue of grant of dynamic injunctions and permitted subsequent impleadment of mirror/redirect/alphanumeric websites which provide access to the rogue websites, by filing an application under Order I Rule 10 of the CPC before the learned Joint Registrar (Judicial) alongwith an affidavit with supporting evidence, confirming that the proposed website is mirror/redirect /alphanumeric website of the injuncted defendant websites. At the request of the counsel for the Plaintiff, the same directions are liable to be made in this case also.”*

In view of the submissions of ld. Counsel for the applicant and the directions passed in judgment dated 08.9.2022, the websites mentioned in the prayer clause of the application and Schedule-A are impleaded as defendant nos. 56 to 58.

Since the newly added defendants are also stated to be involved in violation of copyrights of the plaintiff, accordingly the decree of permanent injunction dated 08.09.2022 is also extended against newly added defendant nos. 56-58. The DoT, ISP and MEITY are directed to do the needful in terms of the abovesaid decree of permanent injunction dated 08.09.2022.

Amended memo of parties is taken on record.

I.A. stands disposed off.

Registry is directed to do the needful.

Copy of order be given dasti.

**CORAM:**

**HON'BLE MR. JUSTICE NAVIN CHAWLA**

1. The Plaintiff has filed the present suit *inter-alia* praying for the following reliefs:

*“51. In light of the foregoing, it is most respectfully prayed that this Hon’ble Court may be pleased to:*

*i. Issue an order and decree of permanent injunction restraining the Defendant No. 1 (and such other mirror/redirect/alphanumeric websites discovered to provide additional means of accessing the Defendant Website, and other domains/domain owners/website operators/entities which are discovered to have been engaging in infringing the Plaintiff's exclusive rights), its owners, partners, proprietors, officers, servants, employees, and all others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, from, in any manner hosting, streaming, reproducing, distributing, making available to the public and/or communicating to the public, or facilitating the same, on their*

*websites, through the internet in any manner whatsoever, any cinematograph work/content/programme/ show in relation to which Plaintiff has copyright,*

*ii. Issue an order and decree directing the Defendant Nos. 2-10, their directors, partners, proprietors, officers, affiliates, servants, employees, and all others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, to block access to the Defendant No. 1 website identified by the Plaintiff in the instant suit (and such other mirror/redirect/alphanumeric websites discovered to provide additional means of accessing the Defendant Website, and other domains/domain owners/website operators/entities which are discovered to have been engaging in infringing the Plaintiff's exclusive rights)*

*iii. Issue an order directing the Defendant Nos. 11 and 12, to issue a notification calling upon the various internet and telecom service providers registered under it to block access to the Defendant No. 1 websites identified by the Plaintiff in the instant suit (and such other mirror/redirect/alphanumeric websites discovered to provide additional means of accessing the Defendant Website, and other domains/domain owners/website operators/entities which are discovered to have been engaging in infringing the Plaintiff's exclusive rights);*

*iv. Issue an order directing the Domain Name Registrars of the Defendant Website identified by the Plaintiff in the Plaintiff to disclose the contact details and other details about the owner of the said websites, and other such relief as this Hon'ble Court may deem fit and proper;”*

2. The Plaintiff claims itself to be a global entertainment company under the laws of the State of Delaware, the United States of America, and as being engaged in the business of creation, production, and distribution of motion pictures. The Plaintiff has also received certain

reputed awards, such as the Academy Award for “Best Motion Picture” for “Argo’ in 2012.

3. It is the contention of the Plaintiff that the motion pictures produced by the Plaintiff, being works of visual recording and which include sound recordings accompanying such visual recordings, qualify to be a ‘*cinematograph film*’ under Section 2(f) of the Copyright Act, 1957 (hereinafter referred to as “the Act”). The Plaintiff claims that this Court has jurisdiction by virtue of Section 13(1) read with Sections 13(2) and 5 of the Act, since the Plaintiff’s cinematograph films are released in India, the cinematograph films of the Plaintiff would be entitled to all the rights and protections granted under the provisions of the Act.

4. The claim of the Plaintiff is premised on the allegation of illegal and unauthorized distribution, broadcasting, re-broadcasting, transmission and streaming of the Plaintiff’s original content by the Defendant Nos. 1, 51 and 52 (hereinafter referred to as the “rogue websites”). It is the case of the Plaintiff that as a result of the unauthorized transmission of their content, the rogue websites infringe the copyright of the Plaintiff in the original works produced by it, which have been granted protection under the provisions of the Act.

5. The Plaintiff has impleaded various Internet Service Providers (in short, “ISPs”) as the Defendant Nos. 2-10 and the concerned departments of the Government of India as the Defendant nos. 11 and 12. The ISPs and the concerned departments have been impleaded for the limited relief of making compliance with any directions of this Court granted in favor of the Plaintiff.

6. The Plaintiff has alleged that the defendant nos. 1, 51 and 52 are the rogue websites. The Plaintiff, vide an investigation conducted by an independent investigator, learnt of the extent of the infringing activity of the rogue websites, in as much as the rogue websites have infringed the Plaintiff's copyright under the provisions of the Act in the original content by unauthorized distribution, broadcasting, re-broadcasting, transmission and streaming and/or by facilitating the use of the rogue websites, *inter alia* by downloading and streaming the Plaintiff's original cinematograph films in which copyright vests.

7. It is also the case of the Plaintiff that a cease-and-desist notice was served on the rogue websites calling upon them to cease from engaging in their infringing activities. Despite the legal notice, the rogue websites continue to infringe the rights of the Plaintiff in its original content.

8. The learned counsel for the Plaintiff presses only for prayers (i), (ii) and (iii), as noted hereinabove, of the plaint. The other reliefs as made in the plaint are not pressed.

9. The learned counsel for the Plaintiff relies upon the judgment passed by a Coordinate Bench of this Court in a batch of petitions dated 10.04.2019, including *UTV Software Communication Ltd. & Ors. v. 1337X.to & Ors.*, 2019 SCC OnLine Del 8002, which deal with the determination of rogue websites.

10. The Plaintiff thereafter filed I.A. 10892 of 2022 under Order XIII A read with Section 151 of the Code of Civil Procedure, 1908, as applicable to commercial disputes (hereinafter referred to as "CPC"), seeking a summary judgment. The said application was listed before this Court on 18.07.2022, wherein this Court recorded that the service and pleadings

are complete in regard to all the Defendants and that the rogue websites have neither appeared nor have filed written statements in the present suit till date. Further, this Court directed the suit to proceed *ex-parte* qua defendant nos. 1, 3, 4, 5, 6, 8, 10, 13 to 50, 51 and 52 (which includes the rogue websites).

11. The grounds for filing the present application, as enumerated by the Plaintiff in the same, are as follows:

a. That all the Defendants have been duly served by the Plaintiff, however, only the Defendant Nos. 2, 7, 9, 11 and 12 have entered appearance before this Hon'ble Court.

b. That the Defendant Nos. 1, 51 and 52, being the rogue websites, against whom the Plaintiff is seeking primary relief, are illegally streaming the Plaintiff's content on their websites and even after being duly served by the Plaintiff, have decided not to contest the present suit.

c. That the Defendants have no real prospect of successfully defending the claim of copyright infringement under Section 51 of the Act and have further not chosen to contest the said claim.

d. Additionally, there is no other compelling reason as to why the present suit should not be disposed of before recording of oral evidence particularly in view of the fact that there is no dispute regarding the illegal activities of the Defendant Nos. 1, 51 and 52 and in any event, in the absence of any challenge or opposition to the factual allegations made in the plaint, in view of provisions of Order VIII Rule 5 of the CPC, there is no occasion for recording

of oral evidence in the present matter.

12. The learned counsel for the Plaintiff has relied upon Clause 3 of Chapter XA of the Delhi High Court (Original Side) Rules, 2018 which states the grounds under which a Court can pass a summary judgment.

13. The learned counsel for the Plaintiff has drawn my attention to two affidavits filed by Mr. Manish Vaishampayan, who conducted the investigation with regard to the aforesaid websites on the instance of the Plaintiff, to contend that the said websites need to be treated as rogue websites. With respect to this contention, reliance is placed on the following documentary evidence in support of each of the aforesaid websites:

14. I have heard the learned counsel for the Plaintiff.

15. In *UTV Software (supra)*, a Coordinate Bench of this Court, as far as the rogue websites are concerned, identified the following illustrative factors to be considered in determining whether a particular website falls within that class:

*“59. In the opinion of this Court, some of the factors to be considered for determining whether the website complained of is a FIOI/Rogue Website are:-*

*a. whether the primary purpose of the website is to commit or facilitate copyright infringement;*

*b. the flagrancy of the infringement, or the flagrancy of the facilitation of the infringement;*

*c. Whether the detail of the registrant is masked and no personal or traceable detail is available either of the Registrant or of the user.*

*d. Whether there is silence or inaction by such website after receipt of take down notices pertaining to copyright infringement.*

*e. Whether the online location makes available or contains directories, indexes or categories of the means to infringe, or facilitate an infringement of, copyright;*

*f. Whether the owner or operator of the online location demonstrates a disregard for copyright generally;*

*g. Whether access to the online location has been disabled by orders from any court of another country or territory on the ground of or related to copyright infringement;*

*h. whether the website contains guides or instructions to circumvent measures, or any order of any court, that disables access to the website on the ground of or related to copyright infringement; and i. the volume of traffic at or frequency of access to the website;*

*j. Any other relevant matter.*

*60. This Court clarifies that the aforementioned factors are illustrative and not exhaustive and do*

*not apply to intermediaries as they are governed by IT Act, having statutory immunity and function in a wholly different manner.*

xxxxx

*69. Consequently, the real test for examining whether a website is a Rogue Website is a qualitative approach and not a quantitative one.”*

16. This Court, in ***UTV Software*** (*supra*) further held as under:

*“29. It is important to realise that piracy reduces jobs, exports and overall competitiveness in addition to standards of living for a nation and its citizens. More directly, online piracy harms the artists and creators, both the struggling as well as the rich and famous, who create content, as well as the technicians-sound engineers, editors, set designers, software and game designers-who produce it and those who support its marketing, distribution and end sales. Consequently, online piracy has had a very real and tangible impact on the film industry and rights of the owners.*

*30. The Indian Copyright Act, 1957 (“the Copyright Act”) confers a bundle of exclusive rights on the owner of a “work” and provides for remedies in case the copyright is infringed.*

xxxxx

*34. The above definitions make it clear that making any work available for being seen or heard by the public whether simultaneously or at places chosen individually, regardless of whether the public actually sees the film, will constitute communication of the film to the public. The intent was to include digital copies of works, which would include within its scope digital copies of works being made available online (as opposed to the physical world). Communication can be by various means such as directly or by display or diffusion. In this context, definition of “broadcast” is also relevant which identifies communication to public by wireless diffusion or by wire. Thus, making available of a film for streaming or downloads in the form of digital*

*copies on the internet is within the scope of “communication to the public”.*

*35. It is pertinent to note that the definition of “communication to the public” was first added in the Copyright Act by the 1983 Amendment and was as follows:-*

*“Communication to the public” means communication to the public in whatever manner, including communication through satellite”.*

*xxxxx*

*53. Also should an infringer of the copyright on the Internet be treated differently from an infringer in the physical world? If the view of the aforesaid Internet exceptionalists school of thought is accepted, then all infringers would shift to the e-world and claim immunity!*

*54. A world without law is a lawless world. In fact, this Court is of the view that there is no logical reason why a crime in the physical world is not a crime in the digital world especially when the Copyright Act does not make any such distinction.*

*xxxxx*

*80. In the opinion of this Court, while blocking is antithetical to efforts to preserve a “free and open” Internet, it does not mean that every website should be freely accessible. Even the most vocal supporters of Internet freedom recognize that it is legitimate to remove or limit access to some materials online, such as sites that facilitate child pornography and terrorism. Undoubtedly, there is a serious concern associated with blocking orders that it may prevent access to legitimate content. There is need for a balance in approach and policies to avoid unnecessary cost or impact on other interests and rights. Consequently, the onus is on the right holders to prove to the satisfaction of the Court that each website they want to block is primarily facilitating wide spread copyright infringement.*

*xxxxxx*

*82. One can easily see the appeal in passing a URL blocking order, which adequately addresses over-blocking. A URL specific order need not affect the remainder of the website. However,*

*right-holders claim that approaching the Court or the ISPs again and again is cumbersome, particularly in the case of websites promoting rampant piracy.*

*83. This Court is of the view that to ask the plaintiffs to identify individual infringing URLs would not be proportionate or practicable as it would require the plaintiffs to expend considerable effort and cost in notifying long lists of URLs to ISPs on a daily basis. The position might have been different if defendants' websites had a substantial proportion of non-infringing content, but that is not the case.*

*84. This Court is of the view that while passing a website blocking injunction order, it would have to also consider whether disabling access to the online location is in the public interest and a proportionate response in the circumstances and the impact on any person or class of persons likely to be affected by the grant of injunction. The Court order must be effective, proportionate and dissuasive, but must not create barriers to legitimate trade. The measures must also be fair and not excessively costly (See: *Loreal v. Ebay*, [Case C 324/09]).*

*xxxxxx*

*86. Consequently, website blocking in the case of rogue websites, like the defendant-websites, strikes a balance between preserving the benefits of a free and open Internet and efforts to stop crimes such as digital piracy.*

*87. This Court is also of the opinion that it has the power to order ISPs and the DoT as well as MEITY to take measures to stop current infringements as well as if justified by the circumstances prevent future ones."*

17. It is notable that the Plaintiff had filed similar application under Order XIII A of the CPC (as applicable to commercial disputes) in similar suit, being *Warner Bros. Entertainment Inc. Vs. <https://Otorrents.Com> & Ors.* (CS (COMM) 367 of 2019), *Warner Bros. Entertainment Inc. Vs. <https://www2.Filmlinks4u.is> & Ors.* (CS (COMM). 368 of 2019),

*Warner Bros. Entertainment Inc. Vs. <http://Mp4moviez.io> & Ors.* (CS (COMM) 399 of 2019) and *Warner Bros. Entertainment Inc. vs. <https://WWW.TAMILROCKERMovies.COM> & Ors.* (CS (COMM). 419 of 2019), wherein this Court, relying on the judgement, *UTV Software Communication Ltd. (supra)* has decreed the suits in favor of the plaintiff.

18. In the present case, vide order dated 24.07.2019, this Court had granted an *ex-parte ad-interim* injunction against the Defendant No. 1, their owners, partners, proprietors, officers, servants, employees, and all others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, thereby restraining them from, hosting, streaming, reproducing, distributing, making available to the public and/or communicating to the public, or facilitating the same, in any manner, on their websites, through the internet any cinematograph work/content/programme/ show in relation to which the Plaintiff has copyright.

19. Vide the same order, this Court had directed the Defendant Nos. 2 to 10 to block the domain name 'hindilinks4u.to' and its URL <https://hindilinks4u.to> with the IP address 104.27.162.170 and 104.27.163.170. This Court further directed the Defendant Nos. 11 and 12 to suspend the above-mentioned domain name registration of the Defendant No. 1 and issue requisite notifications calling upon various internet and telecom service providers registered under them to block the aforementioned website identified by the Plaintiff.

20. The learned counsel for the Plaintiff submits that pursuant to the *ex-parte ad interim* order dated 24.07.2019, the Defendant No. 11 has

issued a notification in compliance. The learned counsel for the Plaintiff further states that the Defendant Nos. 2 to 10 have blocked the rogue websites, that is, Defendant No. 1's websites.

21. Also, vide the same order, this Court also observed the following:

*“21. Further, as held by this court in UTV Software Communication Ltd. (supra), in order for this court to be freed from constant monitoring and adjudicating the issues of mirror/redirect/alphanumeric websites it is directed that as and when Plaintiff files an application under Order I Rule 10 for impleadment of such websites, Plaintiff shall file an affidavit confirming that the newly impleaded website is mirror/redirect/alphanumeric website with sufficient supporting evidence. Such application shall be listed before the Joint Registrar, who on being satisfied with the material placed on record, shall issue directions to the ISPs to disable access in India to such mirror/redirect/alphanumeric websites”.*

22. In light of the aforesaid direction, the Plaintiff filed applications under Order I Rule 10 of CPC for the impleadment of the Defendant No. 51 and 52 in the present suit proceedings, being I.A. No. 18418/2019 and I.A. No. 12530/2021 respectively, which were allowed by this Court vide orders dated 24.12.2019 and 29.09.2021 respectively, and the *ex-parte ad-interim* order dated 24.07.2019 was thereby extended to the Defendant No. 51 and 52.

23. Thereafter, on 06.09.2021, the learned Joint Registrar (Judicial), passed the following order in regard to Defendant No. 51:-

*“No written statement filed by defendant no.51 despite service. Consequent to it, no replication filed.*

*All of the contesting defendants against whom substantial relief has been sought by the plaintiff have been served, however they have not preferred to appear to contest this case or to file a written statement and affidavit of admission/denial of documents.*

*Other defendants who were supposed to comply with interim directions have already complied with.*

*Learned counsel for the plaintiff has submitted that there is no document for admission/denial of documents.”*

*In the interest of justice, no adverse order passed, put up for further proceedings on 25.10.2021.”*

24. On 09.05.2022, the learned Joint Registrar (Judicial) passed the following order in regards to Defendant No. 52:-

*“No written statement filed by newly impleaded defendant no.52 despite service.*

*All of the contesting defendants against whom substantial relief has been sought by' the plaintiff have been served, however they have not preferred to appear to contest this case or to file written statement and affidavit of admission/denial of documents. In this regard law shall take its own course.*

*Learned counsel for plaintiff submits that there is no document for admission/denial of documents.*

*Hence, pleadings stand complete.*

*Other defendants who were supposed to comply with interim directions have already complied with.*

*At joint request, let the matter be placed before the Hon'ble Court for further directions on 18.07.2022.”*

25. Since the Defendant Nos. 1, 51 and 52 are not appearing despite notice, and have been proceeded *ex-parte*, in my opinion, the suit can be

heard and decided summarily. The Defendant Nos. 1, 51 and 52 have no real prospect of successfully defending the claim of copyright infringement and have further not chosen to contest the said claim. The present matter is mainly concerned with the enforcement of the injunction orders which are passed against the rogue websites who do not have any defense to the claim of copyright infringement but use the anonymity offered by the internet to engage in illegal activities, such as copyright infringement in the present case.

26. On the basis of the evidence placed on record and keeping in mind the factors identified by this Court in *UTV Software (supra)*, I find that there is sufficient evidence to hold that the Defendant no. 1, 51 and 52 are “rogue websites” and that this is a fit case for passing a Summary Judgment invoking the provisions of Order XIII A of the CPC, as applicable to the commercial disputes.

27. In *UTV Software (supra)*, the Court also examined the issue of grant of dynamic injunctions and permitted subsequent impleadment of mirror/redirect/alphanumeric websites which provide access to the rogue websites, by filing an application under Order I Rule 10 of the CPC before the learned Joint Registrar (Judicial) alongwith an affidavit with supporting evidence, confirming that the proposed website is mirror/redirect/alphanumeric website of the injuncted defendant websites. At the request of the counsel for the Plaintiff, the same directions are liable to be made in this case also.

28. Accordingly, I.A. No. 10892 of 2022 under Order XIII A of the CPC, as applicable to commercial disputes, seeking a summary judgment is allowed. All the pending applications are also disposed of.

29. The suit is, therefore, decreed in terms of prayers (i), (ii) and (iii) of the Plaint. The Plaintiff is also permitted to implead any mirror/redirect/alphanumeric websites which provide access to the Defendants Nos. 1, 51 and 52's websites by filing an appropriate application under Order I Rule 10 of the CPC, supported by affidavits and evidence as directed in *UTV Software (supra)*. Any website impleaded as a result of such application will be subject to the same decree.

30. Let a decree sheet be drawn up accordingly.

## **Annexure**

Subject: Action requested to be taken by MEITY and Plaintiff for effective removal of content for viewing by public at large within India as per the said orders of Hon'ble Court.

It is observed that a number of orders of Hon'ble Court are issued for blocking of websites every month. There are around more than 2700 ISPs in India and these ISPs are connected among themselves in a mesh network. DOT is instructing each of the ISPs through emails/through its website for blocking of the websites as ordered by the Hon'ble Courts. Ensuring compliance of the orders by each of the ISPs is a time-consuming and complex task especially in view of multiplicity of orders of Hon'ble Courts, multiplicity of websites to be blocked and multiplicity of ISPs.

2. Allocation of Business Rules inter-alia states thus:-

*'Policy matters relating to information technology; Electronics; and Internet (all matters other than licensing of Internet Service Provider).'*

3. In view of above and in order to ensure effective removal by content for viewing by public at large, the plaintiff is requested to do a trace route of the web server hosting the said website. In case the web server happens to be in India, the plaintiff may inform the same to Meity who may direct the owner of such web server to stop transmission of content as per IT Act and as directed by the Hon'ble Court so that the content would be blocked from the source itself and the exercise of blocking by 2700 ISPs would not be required.

4. In case such server is located abroad i.e. outside India then access to such URL/website can be blocked through the international internet gateways which are much less in number. This would result in timely and effectively removal of undesirable content for viewing by public at large as is the requirement as per the orders of Hon'ble Court.
