Sub: Cancellation of IP-1 Registration Certificate No. 461/2014 dated 26.08.2014

Ref: SCN vide letter no. 10-12/2014-CS-III/67 dated 08.03.2019

This is in continuation to the Show Cause Notice (SCN) dated 08.03.2019, issued vide this office letter referred above, to M/s Infrasys Solutions Pvt. Ltd. (hereinafter referred as 'company') regarding violation of IP-1 Registration. Replies were received from the company on 15.04.2019 & 02.09.2019 claiming no violation of IP-1 guidelines.

2. The case has been examined in DoT in details and it has been clearly established that the company was providing bandwidth to TSPs, which is a clear cut violation of terms & conditions of IP-1 Registration (clause 2.0 of the IP-I registration issued to the company). Further, the company was given enough opportunity to rectify the faults. Had there been any interpretational issue, corrective measures could have been taken by the company. However, the directions of DoT were not complied with despite reminders which establishes that the company wilfully violated the terms & conditions of the IP-I registration issued to them. Thus the claims of the company have not been found in consonance with the facts.

3. In view of above, the Competent Authority has decided to cancel the IP-1 Registration Certificate (bearing Registration No-461/2014, dated 26-08-2014) issued to M/s Infrasys Solutions Pvt. Ltd with immediate effect on account of violations of clause 2.0 of the IP-I registration.

4. Accordingly, services (if any) being provided by the company under the above IP-1 registration shall be stopped immediately.
