Pan Bazar, Guwahati-781001

**Subject:- Issue of Import License to the Licensees for replacement/upgradataion of MW Access and Backbone network -regarding.**

Sir,

I am directed to state that the cases related to import license for importing of equipment for replacement/upgradation of existing Microwave Access and backbone network may be considered i.r.o. the licensees whose licenses were quashed by the Hon'ble Supreme Court and have won the spectrum for continuation of services in that particular service area.

2. Further, for considering cases of issuing import license for expansion of the Microwave Access and Microwave Backbone links, fresh Agreement-in-Principle(AIP)/Decision letter is required, which is under consideration.

Yours' faithfully

(M. Revathi)

Asstt. Wireless Advisor  
to the Govt. of India
